Hey Nick,

Was CapturePoint going by a different name at some point?

Hi Ian, I was curious if you would have some time before Thursday to meet with Krishnan and I to discuss how CPS can best manage submissions with respect to confidential business items and the GSDT. And how we can get connected to an EPA administered SharePoint folder for Region 6 Class VI permit application documents.

Let me know if this week works for you and when is a good time.

Many thanks

Nick
